About **Kamdhenu Paints**

Dil Ke Rang Deewaron Pe

We offer a wide range of colours to paint your house. Whatever may be the surface/area, we have the best suited colouring solutions for you.

Kamdhenu Paints, one of the leading paint companies in India. The Company is renowned for offering best-in-class paint products conforming to global standards. Its product portfolio under the brand **KAMDHENU PAINTS-COLOUR DREAMZ** includes Exterior Emulsions, Interior Emulsions, Acrylic Distempers, Enamel Paints, and Cement Paints, Wall Primers & Putty, Texture & Designer Finishes, Stainers, P.U. Wood Finishes and Metallic Finishes. Kamdhenu Paints has 4,000 dealers and distributors spread across the country.

Managing **Director's**

Kamdhenu color and coatings limited is one of the leading suppliers in India of various decorative paints and their range includes enamels, distemper and putty.

Kamdhenu Group is one of the leading building materials company in India. The company is engaged in manufacturing, marketing, branding and distribution of a vast range of quality building materials including steel TMT bars, structural steel, colour coated sheets etc. Kamdhenu Group's flagship product 'Kamdhenu TMT Bars' is synonymous with good quality and ranks as the most preferred brand in the field of construction in India with a brand sales turnover of over Rs 6,000 crore.

Kamdhenu's commitment to comprehensive solutions in construction translated into expanding the product basket to decorative paints. The company is well poised to grow in decorative paints segment with multiple growth avenues unfolding seamlessly. The paint products of the company are being distributed across India through its 31 sales depots and over 4000 dealers and distributors.

In the steel business, the company has pioneered unique franchisee business association model. Under this model, the company allows the franchisee units to manufacture steel bars under the brand name 'Kamdhenu' under strict quality regime laid down by it.

KAMO COAT

Water based elastomeric Waterproof wall Coating

Kamo Coat is an elastomeric acrylic waterproof coating which forms a waterproofing membrane with superior waterproofing, durability and flexibility for long-term protection. Kamo Coat is recommended for protection of roof and exterior walls of buildings from rain and other water sources. The coating waterproofs the external walls against wind driven rainwater which is a major cause of seepage problem in the building interiors. Kamo Coat does not become brittle even after long term exposure to sun and is resistant to chalking and flaking. It is very effective in preventive efflorescence to maintain long term.

Main Characteristics

- ✓ RICH SHEEN & SMOOTH
- ✓ EXCELLENT WATER PROOFING

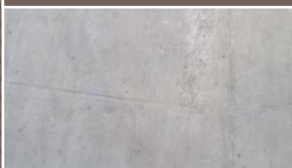

KAMO SHORA SEAL

Nano Technology Based Anti-Efflorescent
Primer for Building Surfaces

Kamo Shora Seal is high quality nano-technology based product which provides an effective barrier cost against efflorescence. It has excellent adhesion and will provide a slip resistant finish for easy application of subsequent trowel and brush applied coatings. It should be used for the priming of all site mixed sand-cement renders and mortar-jointed brick/block walls within bracket (without plasters) before application of Kamocoat and other water based paints/coatings.

KAMO DAMP PROOF

Water Proof Coating for
ROOF & WALLS

Kamo Damp Proof is a fiber reinforced elastomeric liquid waterproofing membrane. It is formulated with select elastomeric and resilient acrylic polymers and reinforcing synthetic fibers. Upon curing, it forms a thick, seamless, durable membrane thus offering ultimate waterproofing.

**COMPLETE PROTECTION OF
YOUR ROOF & WALL**

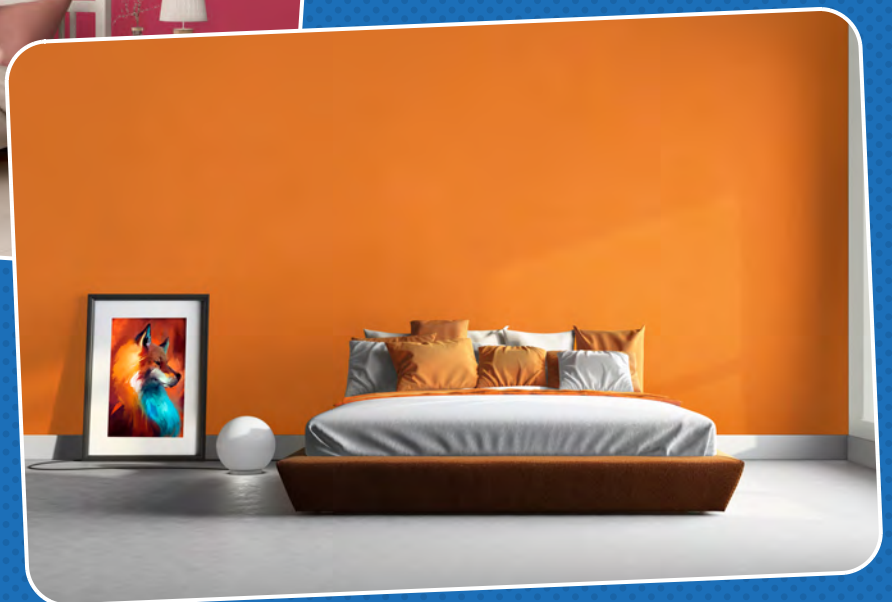

KAMO SEALER

Damp Resistant Primer

Kamosealer is a super quality dual primer with alkali, damp and efflorescence resistance. It contains Acrylic Polymer and with some special additives which gives better water resistance and can be applied on plaster, concrete and other masonry. The surface should be fully cured, dry and free from loose particles.

Main Characteristics

- ✓ ALKALI RESISTANCE
- ✓ DAMP RESISTANCE
- ✓ WATER RESISTANCE
- ✓ PLASTER, CONCRETE & MASONRY FRIENDLY

KAMOSHINE

Aluminium Paint

Kamoshine Aluminium Paint is a highly durable and corrosive resistant paint which with its characteristic aluminium luster provides a glossy, long lasting smooth finish.

Main Characteristics

- ✓ ALUMINIUM LUSTRE
- ✓ LONG LASTING
- ✓ STAIN RESISTANT
- ✓ HIGH GLOSS

KAMO FLOOR COAT

Fast Track Emulsion for Exterior Floor/Tiles

Kamo Floor Coat (KFC) is a specialized paint (based on fast track emulsion) specially formulated for exterior/terrace floor tiles, cement tiles and any walkways or plain cemented surface. KFC is high sheen; stain resistant paint and it protect the surfaces form rain, sunlight, algae fungal attack. It has long color stability & anti dirt pick up, anti-fading, anti-microbiological.

Main Characteristics

- ✓ RICH SHEEN & SMOOTH
- ✓ LONG COLOUR STABILITY
- ✓ ANTI DIRT PICKUP
- ✓ ANTI MICROBIOLOGICAL

Our Philosophy

Success is a never-ending quest. Every accomplishment leading to new milestones...

Every organization, which sets its eyes on growing big has to consistently abide by a definite set of work-ethics to raise its credibility in the market. That's why, we at Kamdhenu also believe in upholding a set of standards and do so in each and every area of our operations.

Business Model

The Kamdhenu brand's growth and success are attributed to its affordable quality, which is the brand's main USP. Customers who buy commercial and domestic paint across the nation have praised Kamdhenu Paints for its high-quality paint products. This has inspired us to increase the number of paint products we provide. Along with being easily affordable for most customers, our products also benefit from a robust distribution network that makes them widely accessible in all geographical areas.

Our Success Story

Every tales of success often has a modest backstory, and ours was no different. This narrative of perseverance and success began in 1995 when a young, innovative individual working the production lines inspired a successful expedition into India's steel industry with a single manufacturing operation for reinforcement steel bars in Bhiwadi, Rajasthan. Within a short period of time, the dedicated labour and innovation led to a turning point in Kamdhenu Group, and the business evolved into a formidable brand in the Indian steel market.

What started as a single manufacturing unit has now expanded to more than 50 manufacturing units across the country known by the reputation of being the leading steel manufacturer, a reputation that is being replicated for the evolving paints business.

Established in 2008, Kamdhenu Paints is a vertical contributing to the successful and thriving conglomerate known as Kamdhenu Limited. Kamdhenu Paints is a huge leap forward in accomplishing the vision of making Kamdhenu an all-solution-brand for infrastructural and construction needs. Modelled after the success of Kamdhenu's indigenous state-of-the-art production plant at Chopanki, Bhiwadi in Rajasthan, Kamdhenu paints utilizes high precision equipment for its production process. By adopting modern automation processes and equipment's backed by advanced research & development laboratories the Kamdhenu label stands for products with the highest quality standards that guarantees ultimate customer satisfaction every time for every product.

Making its presence felt in the market already, 'Kamdhenu Paints' is available in a wide range of decorative paint products that extends from Exterior & Interior Emulsions, Acrylic Distempers, Water Based & Solvent Primers, Synthetic & GP Enamel, Wood Finishes, Aluminium Paints and Textured to Designer Finishes. Kamdhenu Paints has a strong presence of dealers and distributors across the country and currently has 4,000 dealers and distributors.

In the last few years the company has grown from 'one of them' to 'one of the best,' and has been making dynamic progress with an intention of growing bigger and better with each achievement.
